Change in Benefit Coverage for Select High-Cost Products

Introducing MyBlueRxIL– A New Mobile Pharmacy App

Prescription Drug Benefit Update: Introducing MedsYourWay®

Coverage Change for OTC COVID-19 Test Kits after May 11

Drug List Changes

Based on the availability of new prescription medications and Prime's National Pharmacy and Therapeutics Committee's review of changes in the pharmaceuticals market, some revisions (drugs still covered but moved to a higher out-of-pocket payment level) and/or exclusions (drugs no longer covered) will be made to the BCBSIL drug lists. Your patient(s) may ask you about therapeutic or lower cost alternatives if their medication is affected by one of these changes. **Changes effective July 1, 2023, are outlined below.**

The July Quarterly Pharmacy Changes Part 2 article with more recent coverage additions will also be published closer to the July 1 effective date.

Note: The drug list changes below do not apply to BCBSIL members on the Basic Annual, Multi-Tier Basic Annual, Enhanced Annual, Multi-Tier Enhanced Annual or Performance Annual Drug Lists. These drug lists will have the revisions and/or exclusions applied on or after Jan. 1, 2024.

If you have patients with an HMO Illinois® or Blue Advantage HMOSM plan, these drug list revisions/exclusions may not apply to their pharmacy benefits, administered through Prime Therapeutics, until on or after Jan. 1, 2024.

Drug List Updates (Revisions/Exclusions) – As of July 1, 2023

Basic, Multi-Tier Basic, Enhanced and Multi-Tier Enhanced Drug Lists Revisions

Non-Preferred Brand ¹	Drug Class/Condition	Preferred Alternatives ^{1,2}

¹Third-party brand names are the property of their respective owner.

²This list is not all inclusive. Other medicines may be available in this drug class.

Utilization Management Program Changes

Prior Authorization (PA) Program Changes

Several drug categories and/or targeted medications will be added to the PA programs for standard pharmacy benefit plans, upon renewal for non-ASO groups. This includes ASO groups with a standard UM package and/or subcategory selection with auto updates. For groups that have not selected the auto update, these programs will be available to be added to their benefit design as of the program effective date.

Remember: the PA programs for standard pharmacy benefit plans correlate to a member's drug list. Not all standard PA programs may apply based on the member's current drug list. A list of PA programs per drug list is posted on the member pharmacy programs section of BCBSIL.com. Members were notified about the PA standard program changes listed in the table below.

Drug categories or targets added to current pharmacy PA standard programs, effective July 1, 2023, are listed below.

[Balanced](#), [Basic](#), [Enhanced](#), [Multi-Tier Basic](#), [Multi-Tier Enhanced](#), [Performance](#), [Performance Annual](#), and [Performance Select Drug Lists](#)

Drug Category	Targeted Medication(s) ¹
Therapeutic Alternatives PAQL	Tobi Podhaler 28 mg (tobramycin inhal cap)

¹Third-party brand names are the property of their respective owner.

Other Pharmacy Prior Authorization (PA) or Step Therapy (ST) Standard Program Updates

Effective Date	Program Name	Description of Change	Drug Lists	Program Type
July 1, 2023	Atypical Antipsychotics STQL	Adding target drug Latuda	Balanced, Basic, Enhanced, Performance, Performance Select	Step Therapy
July 1, 2023	Furoscix PAQL	New program with drug target Furoscix (furosemide) 80mg/ 10 mL subcutaneous cartridge kit	Balanced, Basic, Basic Annual, Enhanced, Enhanced Annual, HIM, Performance, Performance Annual, Performance Select	Prior Authorization

Change in Benefit Coverage for Select High-Cost Products

Several high-cost products with available lower cost alternatives will be excluded on the pharmacy benefit for select drug lists. This change impacts BCBSIL members who have prescription-drug benefits administered by Prime Therapeutics†. This change is part of an ongoing effort to make sure our members and employer groups have access to safe, cost-effective medications.

Please note: Members were not notified of this change because either there is no utilization or the pharmacist can easily fill a member's prescription with the equivalent without needing a new prescription from the doctor. The following drugs are excluded on select drug lists.

Product(s) No Longer Covered ^{1*}	Condition	Covered Alternative(s) ^{1,2}
FLUTICASONE-SALMETEROL HFA 45-21 mcg/ACT, 115-21 mcg/ACT, 230-21 mcg/ACT	Asthma	Advair

Introducing MyBlueRxIL – A New Mobile Pharmacy App

What's new: MyBlueRxIL is a personalized, digital pharmacy app where members can easily access, understand and manage their prescription-drug care and out-of-pocket costs.

How it works: The app lists current information about prescription drugs and pharmacy benefits, and helps members do the following:

- Find available lower-cost drug options
- Compare drug costs at different pharmacies
- Manage prescription-drug care for dependents (dependents over age 18 can activate their own account)
- Receive refill reminder alerts
- Access information about their prescription drugs including claims history, medication details, coverage, clinical review approvals and more
- Search for and contact in-network pharmacies

The MyBlueRxIL app is available for most commercial group plan members with pharmacy benefits administered by Prime Therapeutics®. Members can download the free app from the [App Store](#) or [Google Play](#). If they already have a Blue Access for MembersSM account, they can use the same credentials to log in, or create a new account.

Prescription Drug Benefit Update: Introducing MedsYourWay®

What's new: MedsYourWay® is a new program that lowers costs for members on select, covered drugs at select retail pharmacies. It is an automatic, real-time price comparison between prices of participating drug discount cards to a member's plan cost-share completed behind the scenes at select, in-network pharmacies. The member pays the lower available price option at check out.

Program details:

- Members simply show their BCBSIL member ID at the pharmacy.
- Covered purchases count toward members' yearly plan deductibles and/or out-of-pocket expenses.

MedsYourWay® simplifies the brick-and-mortar drug store experience while saving members time and money. It lowers overall prescription costs and helps increase insight into member prescription fills and medication adherence as part of a complete care coordination plan.

MedsYourWay® is available to BCBSIL members on Metallic Small Group and Individual and Family Market plans as of April 1, 2023. The program is planned to be available to additional group-market segments, including ASO, starting Jan. 1, 2024.

Coverage Change for OTC COVID-19 Test Kits after May 11

Once the COVID-19 Public Health Emergency (PHE) expires on May 11, 2023, there will be a change in coverage for over-the-counter (OTC) COVID-19 home test kits. Most BCBSIL commercial plan members will no longer have coverage for these test kits under their pharmacy benefit. This includes members on an individual and family markets plan and both fully insured and ASO group plans. Some ASO groups may have opted in to continue covering these OTC COVID-19 test kits under the pharmacy benefit.

[†]Prime Therapeutics LLC is a pharmacy benefit management company. BCBSIL contracts with Prime to provide pharmacy benefit management and related other services. BCBSIL, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime. [MyPrime.com](https://www.myprime.com) is an online resource offered by Prime Therapeutics.

The information mentioned here is for informational purposes only and is not a substitute for the independent medical judgment of a physician. Physicians are to exercise their own medical judgment. Pharmacy benefits and limits are subject to the terms set forth in the member's certificate of coverage which may vary from the limits set forth above. The listing of any drug or classification of drugs is not a guarantee of benefits. Members should refer to their certificate of coverage for more details, including benefits, limitations and exclusions. Regardless of benefits, the final decision about any medication is between the member and their health care provider.
